187TH ENVIRONMENTAL COMMITMENT STATEMENT

ENVIRONMENTAL MANAGEMENT SYSTEM (EMS)

Executive Order 13423

"Strengthening Federal Environmental, Energy, and Transportation Management"

The 187th Fighter Wing is committed to continued excellence, leadership, and stewardship in protecting the environment. Environmental protection is a primary management responsibility as well as the responsibility of every worker and supplier. In keeping with this policy, our vision is to reduce waste through pollution prevention, continually improve our environmental performance by minimizing our ***impacts***, setting and reviewing ***objects & targets*** on the manmade and natural environment, and maintain compliance with all federal, state, local and other environmental regulations at all times.

Our basic tenets include:

Environmental protection is a line responsibility and an important measure of worker performance. Every worker is responsible for environmental protection in the same manner as personnel and worker safety.

Compliance with all federal, state, and local environmental regulations is paramount in all we do, but additional emphasis will be placed on reducing our *impact* on clean air and waters in the local area.

We are committed to reducing or eliminating the generation of waste. This consideration will be integrated in all future decision-making.

Energy conservation and energy reduction will be an integral design element for all new construction, renovations and Master Planning.

Vision of the 187th Fighter Wing

A **READY, RELIABLE, RELEVANT** and **REVERED** Patriotic "World Class" Alabama Air National Guard unit that accomplishes the mission as full partners in the nation's total force, takes care of its people, is responsive to the needs of our state, and contributes to the quality of life in our communities. A team of personnel committed to a culture excellence and continuous improvement.

Mission of the 187the Fighter Wing

To provide the state Governor, National Command Authority, and Combatant Commanders with a superbly equipped and trained general purpose F-16C+ Block 30 Aviation Package, associated Expeditionary Combat Support functions and RC-26B counter drug package for world-wide combat and peacetime/humanitarian tasking in support of our community, state, and national interests.
